

# Prayer...

From time to time we will include an article about prayer in our ONE BY ONE Ministries Newsletter. We realize that everything we do that impacts the lives of others in a positive way rests completely upon the power of prayer. Perhaps many of you are discovering that God takes our prayers very seriously. What a privilege we have to communicate first hand with the Heavenly Father!

Jesus set such a good example for us. He spent many nights in prayer and awoke early in the morning to be alone as He prayed. He prayed about every decision He had to make. He prayed for others, and with others. If Jesus felt the need to have ongoing communication with the Father, how can we skip even one day?

On the 10<sup>th</sup> of every month at 10:00 in the morning, all ONE BY ONE staff and board members stop to pray for 10 minutes. We encourage you to do the same as you pray for mentors and prayer partners, for their churches, and for the women whom they mentor. Please know that you can call in special requests at any time, but we would love to have your prayer requests for this very special day of prayer each month. Call either Elaine in San Antonio, 210-731-9922, or Linda in Fort Worth, 817-917-5800, and share your prayer requests with us. Let us know if we can share your request with other staff and personnel. We are here to lift you up and be part of your prayer covering as well as for the mothers we are mentoring.

We encourage you to pray with us from wherever you are on the 10<sup>th</sup> of every month for our Prayer Day. There's just something very special about praying in one accord at the same time!

*II Thessalonians 1: 2-3*

*"We thank God for you and always mention you in our prayers. Each time we pray, we tell God our Father about your faith and loving work and about your firm hope in our Lord Jesus Christ."*
